Studio Times

Whether you are injured, unfit or need that next step, we at Focus have a program to meet your requirements. At Focus the Enhanced Studio holds personal sessions with the use of the traditional Pilates equipment that provides you with individual attention with professional and experience staff members. We design, teach and modify basic to advance level classes, integrating mat and small equipment to add variety and to meet the specific needs and goals of our clients. The studio sessions are the most versatile and effective form of Pilates suitable for all ages and fitness levels. Clients opting for the studio will improve sport performances; rehabilitation programs will reduce chronic pain and prevent injury.
